SatNav Technologies launches -SatGuide- mascot for its range of GPS-based products

SatNav Technologies, pioneers in GPS navigation in India since 2005, have launched their mascot -SatGuide- for a range of products and services based on GPS technology. While the GPS technology can be used in everyday lives, and save on time and petrol while hunting for places across cities. In our country, there is a clear lack of awareness about the benefits one can acquire from this technology.
