

Forged strategic alliance to take products international

SatNav Technologies has signed up a strategic partnership with Talisma wherein our Facilities Management product, a-mantra, will be pitched to all existing and new customers. The first customer has already been bagged in Australia.

Talisma a NASDAQ listed company, having presence in multiple countries with mission to provide robust, elegant, and cost-effective software systems to higher education, foundations, and fundraising organizations. Worldwide, more than 1,700 colleges, universities, foundations, and non profit organizations run Campus Management's solutions for administration and academics, donor relations and management, finance, and multichannel marketing communications.
