

Dubai IT Solutions Company picks up 1% stake !

Partner to also spearhead company's foray into the MEA market

SatNav is pleased to announce that a leading IT Solutions Company of Dubai, Innosoft Solutions, has picked up close to 1% stake in the company! Acting through their PE arm, Icon Capital Partners, they forged a strategic partnership covering financial and business goals.

An important aspect of this partnership is that both parties will enhance SatNav's business in MEA region to ensure deeper penetration of its Cloud based Enterprise Efficiency enhancing IT products which are rapidly gaining traction worldwide. During a recent visit by a SatNav co-Founder pitches across Dubai, Sharjah and Abu Dhabi were made.

Speaking on the occasion Selvamuthiah S, co-Founder & Sr. VP of SatNav Technologies said, "With recent wins in Australia, Singapore and Spain, this Middle East foray further strengthens our belief that SatNav is emerging as a strong IT Products company from India with a bright future ahead".
